

ADVISORY NOTICE re: Betfold

February 25, 2010

The Kahnawake Gaming Commission advises that it does not license or regulate Life Gaming Ltd. or the gaming site carrying on business as "betfold" (www.betfold.com). As indicated in betfold's "About Us" section, this site is located and licensed in other jurisdictions.

We have recently been advised that the betfold site improperly displays the Commission's logo and we are taking steps to have it removed.

The Commission does license and regulate the iPoker network.
