- 47. The Commission, or such person as the Commission may appoint, will conduct a thorough investigation into the matters referred to in the foregoing section 46 to determine the applicant's suitability to hold an Operator's Licence and the suitability of each director, shareholder with ten (10%) per cent or more ownership of or controlling interest in the applicant, and partner of the applicant.

60. Notwithstanding section 52, an EGD Operator may apply to the Commission to have the Operator's Licence amended to add or delete the names of one or more individual EGD Operators.
61. An application to amend an Operator's Licence made under the foregoing section 60 will be considered to be a material change; must be made in the form attached as Schedule "F" to these Regulations and must be accompanied by an application fee in the amount of Ten Thousand (CAD\$10,000.00) Canadian Dollars, or such other amount that the Commission may direct.
62. Upon receipt of an application and application fee under the foregoing section 61, the Commission will deliberate as to whether:

70. The Commission will consider the information in a material change report, including a material change report that is received after the material change is effective, and will approve, disapprove or issue such written directions to the EGD Operator or applicant as the Commission, in its sole discretion, deem necessary and appropriate under the circumstances.
71. An application to renew an Operator's Licence or Key Person Permit must be submitted to the Commission in the form attached as Schedule "G" to these Regulations (a "renewal application").

The contractual agreement must be in good standing during the term of the Operator's License and at the time of renewal.
74. A renewal application must be received by the Commission not less than three (3) months prior to the termination date of the Operator's Licence or Key Person Permit. 78. In deciding whether to grant a renewal application for an Operator's Licence, the Commission will consider any complaints, concerns or problems that may have arisen in the previous licensing period related to the EGD Operator and the

operations of the EGD Facility and will deny the renewal application if, in the Commission's sole discretion, the complaints, concerns or problems are sufficiently serious or numerous.

79. An Operator's Licence and Key Person Permit that are renewed under this Part are subject to the all provisions of these Regulations, adapted as required.
80. The Commission may amend a term or condition of an Operator's Licence to restrict or limit the operations of an EGD Facility if the Commission considers it is necessary or desirable to make the amendment for the proper operation of EGDs by the EGD Operator or that the amendment is otherwise in the public interest.
81. If the Commission decides to amend a term or condition of an Operator's Licence, the Commission must promptly give the EGD Operator written notice (the "amendment notice") of the change and, subject to confidentiality, unless such confidentiality is waived, and security restrictions, the reasons for the change.

87. An amendment of terms or conditions of an Operator's Licence takes effect on the date set by the Commission.
88. The Commission may suspend or revoke an Operator's Licence on the following grounds:

 - (i) the public interest is not affected in an adverse and material way; or

- (ii) the integrity of the operations of the EGD Facility or the operation of EGDs by the EGD Operator is not jeopardized in a material way.
95. An immediate amendment, suspension or revocation:
- (a) must be affected by written notice served on the affected EGD Operator (the “notice or immediate amendment, suspension or revocation”), and any interested person;
 - (b) is effective from the moment the notice is served;
 - (c) continues in effect until a hearing date or until the Commission otherwise directs, and

96. An EGD Operator who has received a show cause notice may, within the show cause period, request a hearing before the Commission to respond to the matters raised in the show cause notice.
97. A hearing will only be conducted if the EGD Operator requests a hearing within the show cause period.
98. Upon receiving a request for a hearing, the Commission will set a date for the hearing (the “hearing date”) and will immediately notify the EGD Operator in writing of the hearing date.
99. At the hearing, the EGD Operator will have the opportunity to bring written and oral evidence to respond to the matters raised in the show cause notice.
100. In the event the affected EGD Operator fails or refuses to attend a hearing at the time and place set out in the hearing notice, the Commission may, in its sole discretion, take one or more of the following actions:

 - (i) the public interest may be affected in an adverse or material way; or
 - (ii) the integrity of the operations of the EGD Facility or the operation of EGDs by the EGD Operator may be jeopardized in a material way,

the Commission may amend or revoke the Operator's Licence or suspend the Operator's Licence for such period of time and on such conditions of re-instatement as the Commission deems appropriate.

- 255. As soon as practical after an authorized representative seizes documents or items, the authorized representative must give a receipt for them to the EGD Operator.
- 256. However, if for any reason it is not practical to comply with the foregoing section, the authorized representative must leave the receipt at the place of seizure in a conspicuous position and in a reasonably secure way.
- 257. The receipt must describe generally each document or item seized and its condition.
- 258. Documents or items that have been seized under these Regulations are forfeited to the Commission if the authorized representative who seized the documents or items:
 - (a) cannot find their owner, after making reasonable inquiries;
 - (b) cannot return them to their owner, after making reasonable efforts; or

- (c) reasonably believes it is necessary to retain the documents or items to prevent them from being used to commit an offence against the Law, these Regulations or any law applicable within the Territory.
259. If the authorized representative decides to forfeit documents or items under these Regulations, the authorized representative must tell the owner of the decision by written notice.
260. The foregoing section does not apply if:
- (a) the authorized representative cannot find the owner, after making reasonable inquiries; or
 - (b) it is impractical or would be unreasonable to give the notice.
261. The notice must state:
- (a) subject to confidentiality and security restrictions, the reasons for the decision;
 - (b) that the owner may appeal against the decision to the Commission within thirty (30) days;
 - (c) how the appeal may be made; and
 - (d) that the owner may apply for a stay of the decision if the owner appeals against the decision.
262. In deciding whether inquiries or efforts are to be made or notice given about a document or item, the document or item's nature, condition and value must be considered.
263. If documents or items have been seized but not forfeited, the authorized representative must return them to their owner:
- (a) at the end of one (1) year; or
 - (b) if a proceeding for an offence involving the documents or items is started within six (6) months, at the end of the proceeding or any appeal from the proceeding.
264. A document or item must be returned to its owner once the authorized representative determines its evidentiary value has ceased.
265. Until documents or items that have been seized are forfeited or returned, an authorized representative must allow their owner to inspect them and, if it is a document, to copy it unless it is impractical or would be unreasonable to allow the inspection or copying.

266. This section applies if an authorized representative reasonably believes:
- (a) an item used in the operation of EGDs is unsatisfactory for the purpose for which it is used; and
 - (b) the continued use of the item may:
 - (i) jeopardize the integrity of the operation of EGDs; or
 - (ii) adversely affect the public interest.
267. The authorized representative may direct the person who has, or reasonably appears to have, authority to exercise control over the item to stop using the item, or allowing the item to be used, in the operation of EGDs.
268. A direction given to a person under the foregoing section (a "Stop Direction") may be given orally or by written notice (a "Stop Notice").
269. However, if the direction is given orally, it must be confirmed by written notice (also a "Stop Notice") given to the person as soon as practical.
270. A Stop Direction may be given for an item at an EGD Facility, an agent or other person involved within the Territory in the operation of an EGD.
271. A Stop Direction does not apply to a use of an item carried out for repairing or testing the item.
272. A Stop Notice must state:
- (a) the grounds on which the authorized representative believes the item is unsatisfactory; and
 - (b) the circumstances, if any, under which the Stop Direction may be cancelled.
273. A person to whom a Stop Direction is given must comply with the direction.
274. An authorized representative may require (a "Document Production Requirement") a person to produce or make available for inspection by the authorized representative at a reasonable time and place nominated by the authorized representative:
- (a) a document issued to the person under the Law, these Regulations or any law applicable within the Territory;
 - (b) a document required to be kept by the person under the Law, these Regulations or any law applicable within the Territory;

- (c) if the person is an EGD Operator, a document kept by the EGD Operator about the operation of EGDs by the EGD Operator; or
 - (d) if the person is an agent, a document kept by the agent about the operation of EGDs by the EGD Operator by whom the agent is appointed.
275. The authorized representative may retain the original of the document or, in his sole discretion, copy it and return the original to the owner of the document.
276. If the authorized representative copies the document, or an entry in the document, the authorized representative may require the person responsible for keeping the document to certify the copy as a true copy of the document or entry.
277. An authorized representative may require a person, or an executive officer of a corporation, of whom a Document Production Requirement has been made to appear before the authorized representative to answer questions or give information about the document to which the Document Production Requirement relates.
278. An authorized representative may require any of the following persons to appear before the authorized representative to answer questions or give information about the operations of an EGD Operator:
- (a) the EGD Operator or, if the EGD Operator is a corporation, an executive officer of the EGD Operator;
 - (b) an employee of the EGD Operator;
 - (c) an agent for the EGD Operator or, if the agent is a corporation, an executive officer of the corporation;
 - (d) an employee of an agent mentioned in paragraph (c);
 - (e) another person associated with the operations or management of:
 - (i) the EGD Operator; or
 - (ii) an agent mentioned in paragraph (c).
279. A requirement made of a person under sections 277 or 278 must:
- (a) be made by written notice given to the person; and
 - (b) state a reasonable time and place for the person's attendance.
280. When making the requirement, the authorized representative must warn the person that it is an offence to fail to comply with the requirement.
281. A person of whom a requirement is made under this Part must not:

- (a) fail to appear before the authorized representative at the time and place stated in the notice imposing the requirement; or
 - (b) when appearing before the authorized representative:
 - (i) fail to comply with a requirement to answer a question or give information; or
 - (ii) state anything the person knows to be false or misleading.
282. An authorized representative is not civilly or criminally liable for an act done, or omission made, honestly and without negligence under these Regulations.
283. An authorized representative is not liable for the acts or omissions of an EGD Operator or for any losses or damages incurred by a person who plays an EGD or who otherwise incurs losses or damages within, near or associated with an EGD Facility.
284. A person must not state anything to an authorized representative the person knows to be false or misleading.
285. A person must not give an authorized representative a document containing information the person knows to be false, misleading or incomplete.
286. A person must not make an entry in a document required or permitted to be made or kept under these Regulations knowing the entry to be false, misleading or incomplete.
287. A person must not obstruct an authorized representative in the exercise of a power or someone helping an authorized representative in the exercise of a power.
288. Except as otherwise provided in these Regulations or as the Commission otherwise directs, a decision of the Commission made, or appearing to be made, under the Law or these Regulations about an Operator's Licence, a person with an interest or potential interest in an Operator's Licence or the operations of an EGD Facility is final and conclusive.
289. A person who attempts to commit an offence against the Law or these Regulations commits an offence.
290. Unless another fine is specifically provided, if the Commission, in its sole discretion determines an EGD Operator or Key Person has breached any provision of these Regulations, the Commission may impose a fine for each instance of such breach of not less than One Thousand (CAD\$1,000.00) Canadian Dollars and not more than One Hundred Thousand (CAD\$100,000.00) Canadian Dollars.

291. Unless the Commission otherwise directs, all fines imposed by the Commission in accordance with the foregoing section 290 must be paid to the Commission, in full, not more than thirty (30) days after the date on which the fine is imposed, failing which the Commission may impose such additional sanctions, including additional fines, as it sees fit.
292. Service of any notice provided for in these Regulations may be affected by personal service, registered mail, facsimile transmission or e-mail to the EGD Operator or their agent. Except as otherwise provided in these Regulations, other than for personal service, service is effective from the moment the notice is sent. Personal service is effective from the moment the notice is received by the EGD Operator.
293. Except where otherwise specifically set out herein, all information provided to or obtained by the Commission or its agents under these Regulations will be treated as confidential information and will not be used by the Commission, authorized representatives or its agents for any purpose other than the purpose for which the information was provided or obtained.
294. A person who is, or was, an authorized representative, employee or Member of the Commission, must not disclose confidential information gained by the person in performing functions under these Regulations. This obligation continues to have effect after the authorized representative; employee or Member of the Commission ceases to be employed or to hold office

297. EGD Operators are responsible for ensuring the confidentiality of any player information that is provided to Key Persons or other staff members.

298. The Commission may approve forms for use under these Regulations.
299. All payments required under these Regulations must be in Canadian dollars and paid by cash, certified cheque, bank draft or wire transfer.
